

PharmMD™ Collegiate Partnership

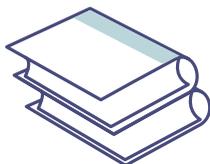

Real-life Application of Clinical Knowledge

Innovative Partnerships That Match Your Program's Needs

Impact patient lives with a PharmMD Collegiate Partnership.

- Students receive real-life application of classroom learning objectives
- Colleges gain a profitable initiative tailored to enhance student curriculum

Curriculum Based

Apply classroom knowledge through implementation of our Adhere platform and services into your current pharmacy program.

Rotation Experience

Hands-on clinical service experience with our Medication Therapy Management and medication adherence solutions.

Resident Leadership

Pharmacy residents gain leadership exposure overseeing students performing CMRs and medication adherence patient outreach.

Creighton UNIVERSITY

School of Pharmacy and Health Professions
Center for Medication Therapy Management

"The partnership between PharmMD™ and Creighton University School of Pharmacy and Health Professions has established an opportunity for both student pharmacists and PGY1 community pharmacy residents to provide evidence-based, patient-centered medication therapy management services in a unique telehealth environment. With this partnership, we are able to share excellent patient care opportunities with students and residents to help them gain knowledge, confidence and experience."

Dr. Molly Goessling - Director, Center for Medication Therapy Management
Creighton University

About PharmMD™

PharmMD is a technology solutions leader supporting health plans, self-insured employers and other risk-bearing entities for medication adherence insights and healthcare outcomes. Our innovative focus on medication adherence enables a unique pathway to achieve outcomes for population health. PharmMD's Adhere platform touches over 6 million consumers through its advanced analytics, technologies and engagement services to address the challenge of \$300 billion of annual unnecessary medical costs due to medication adherence issues, representing 10% of the United States healthcare spend. Headquartered in the Nashville suburb of Brentwood, Tennessee, PharmMD has been in business for over a decade. Our nationwide footprint spans hundreds of employees dedicated to the mission of providing solutions that improve consumer adherence.
